SUBJECT

Allotment of Suitable sites for house building for Adikarnataka's of Hankal

11 Jo, The D C Chitaldrug No L 8400/d 28 b 28 States that Govt have no objection to the arrangement proposed for the allotment of sites

General and Revenue Secretariat. | Mil File No 237 of 1927

Serial No. 9

From

The D-C Chitaldrug

Letter no A.6 C 185 /24-28 dated 4 5 28

Stating that the Adikarnatakas in Harihar have been provided with sites at a distance of three furlongs from the Harihar Railway Station

The D-C reports that he has inspected the sites in person along with the Sub divisional officer and that the sites now finally allotted to them are quite convenient and that there are no alternative sites

It is seen from the Sub divisional officer's report that the Engineer Southern Maratha Ry Co wants the Sadarmata Adikarnataka basti to be removed to a site three furlong from the Ry dispensary The Sub divisional officer states that the present sites are at a considerable distance of a mile from the Station and if they have to be shifted further towards the Adikarnataka will be put to much hardship as it will be practically pushing them to a place beyond the Harihar Town limits

Sir,

Adverting to correspondence ending with your letter No L 1893/ML 98/27-1 dated 16th August 1927 and 4132/M1 234-27-5 dated 20th January 1928 regarding the question of shifting the huts of the Adikarnatakas from too close a proximity to the Railway Station at Harihar, & in continuation of this office No C 185/27-28 dated 30-9-27 I have the honour to state that the Sub Division Officer and myself inspected the locality more than onee but as the places selected ere not approved by the Adikarnatakas who pleaded various difficulties with regard to each site pointed out to them, we have now finally selected a site about three furlongs from the Railway Station by the side of the road leading to Harapanahalli The Adikarnatakas are willing to build on this site and have also agreed to put up pucca tiled house in the course of a year

I have accordingly permitted the Sub Division Officer to allot this site to them and mark off the sites according to aplan so as to ensure proper sanitation and ventilation

Copy of the Sub Division Officer's report No RC C 177/28-29 dated 3-5-28 in the matter is enclosed, hich gives full particulars together with an explanatory sketch It will be seen from these that the objection of the Railway authorities are amply met by the grant of the site in question I fully agree with the Sub Division Officer that it is not desirable to shift the Adikarnatakas any further as there are no proper alternative sites in the vicinit

I have the honor to be
Sir,
Your most obedient servant

Letter No R-2 C 177/26-27 dated 2nd May 1928 from the Sub Division Officer, Davangere to the Deputy Commissioner, Chitaldrug District

Subject - Shifting the huts of Adikarnatakas of Harihar

With reference to your No A-6 C 185/27-28 dated 30th September 1927 and subsequent communication thereon regarding the above subject I have the honor to submit herewith the file of correspondence received with Harihar Deputy Amildar's No K H J 3/27-28 dated 14 h April 28 and to state as follows -

The Adikarnatakas of Harihar were originally residing in the S 65 of Harihar village As this was not found suitable for them they wanted some other site to be given to them In the meanwhile on account of outbreak of plague lastyear in their hatti they put up sheds on t margin of Harihar Harpanahalli road and are still residing t ere S 19 of Harihar was first selected for shifting ther As the railway Department objected to th s site on account of its proximity to the railway line, S Nos 23 and 24 have now been selected and it is propose that an area of 5 acres is to be acquired for the hatti The District Engineer Madras and Southern Mahratta Railway Hubli was consulted in the matter He however states that these S Nos are at a distance of only 450 feet from the Rail ay Dispensary and that therefore no huts should e built in the l and which is within three urlo gs rom the railway dispensary The let r received fro m by the Deputy Amild Harihar Sub Taluk is enclosed for ready re erence

It is not clear why he wants these eople to be shifted to such a distance when their old site itself was wit n th sa e distance Besides there are some Sukalidas living quite opposite to the Rail ay Dispensary and no ob ec on seems to have been made for their huts there although they are in no way better than the Adikarnatakas in point of cleanliness The present site mar ed A in sketch No II is about 620 yards or nearly 3 furlongs from the railway station and if they are to be shifted to a distance of 5 furlongs from the railway Dispensary as suggested by the Railway Engineer it is practically sending them away out of Harihar village limits This will surely ca se great hardship to these poor people who have to come to Harihar to n every day for work As it is they are at a distance of nearly a l fro the town proper and they cannot be asked to go to a further distance.

6

In this connection I beg to submit that even the Government Order No 5505-15/L R 434-12-1 dated 2nd April 1913 does not prohibit the erection of huts beyond a limit of 2 furlongs from the Railway Station Since in this case the site selected is nearly 3 furlongs only from the railway station, I think they can be allowed to reside there They are willing to build tiled houses in the course of a year if the site is given

I therefore request you to be so good as to give permission to the Adikarnatakas to construct huts in 5 acres of S Nos 23 and 24 as proposed Early orders are solicited
